JOB PRINTING.
Book and every description of Commercial and
Job printing, in the best manner in Gazette Job
books.

Entered at the Post Office at Janesville, Wis., as
second-class matter.

There is so little for Congress to do, the
opinion prevails in Washington that the
session will last all next summer.

The Great Third Party of the United
States keeps himself aloof from the Sen-
ate. When some great issue comes up,
he will be there to dodge the question.

Bayard and President Hayes are one-
on the currency question. This is not a
little troublesome to the Confederates who
are working up a Bayard boom and who
hate the President.

Senator Blaine is doing the service of a
watch dog at the capitol in Maine. He
does not propose that the Democrats shall
steal Maine, and he not have a tussle with
the thieves. Mr. Blaine, when this thing
is over, should use his influence to change
the bungling Constitution of Maine, and
then there would be no trouble.

There seems to be no let up to Repub-
lican sentiment in Ohio. A State Senator
elected in October died a few days ago,
and a special election was held in the
counties of Ross and Highland to fill the
vacancy. The deceased Senator was elected
by 150 majority at the October election,
and on Saturday the Republican elected
received over 1,500 majority.

It is becoming a question with some,
how long General Grant will maintain an
upper hand of receptions, banquets, din-
ners, parties, and the like. Judging from
past experience the General will never
surrender as long as receptions, banquets,
dinners and parties hold out. He can't be
killed by banquets and dinners, nor wor-
ried to death by hand-shaking, neither can
he be laid out by flattery. All these have
no terror for him.

There is now a scheme on foot to "equal-
ize the back-pay of soldiers." One Con-
gressman proposes that the soldiers who
were paid in greenbacks when gold was
worth from 120 to 250, should receive a
sufficient sum now to make their pay
while in the service, equal to the value of
gold. This may be considered a wild
scheme, and it doubtless is, but there is
about as much justice in it after all, as
there was in the pension bill of last winter.

For the principal positions in the Legisla-
ture there are more than enough candi-
dates, but things are settling down so that
the election of Bross for Chief-Clerk of the
Senate, Cee of Whitewater, for Chief-Clerk
of the Assembly, seem to be beyond a per-
adventure. P. H. Swift, of Clinton, and
D. H. Culifer, of Shawano, are candidates
for Sergeant-at-Arms of the Assembly,
and Chase Ingersoll appears to have no
opposition for Sergeant-at-Arms of the
Senate.

An Inter Ocean correspondent residing
at Caldwell's Prairie, Walworth county,
says that over thirty thousand sheep have
been shipped from Southern Wisconsin
this year; and that of this number, over
10,000 went to Texas, Colorado, and Mont-
ana. There has been quite a little boom
in sheep and wool. Prices for wool, rang-
ing from 35 to 42 cents have been ob-
tained. The number of sheep in Wis-
consin last June when the assessments were
made, reached 1,182,676. Of this number
Walworth county had 103,455, Kenosha
70,303, Fond du Lac 51,573, Dane 69,287,
and Rock, 50,677. The average assessment
value was \$1.59.

According to the Sunday Telegraph, the
Democratic party has missed it again. It
has missed it a good many times, but this time,
the Sunday Telegraph thinks, it had
a chance to step right in ahead of the Repub-
lican party, support Hayes and Sherman's
policy regarding the legal tenders, and receive
the applause of the country.

Colonel Keogh, of North Carolina, a
member of the National Republican Com-
mittee, who has seen a number of the
members of the committee recently, says
there is no doubt that Chicago will be the
place selected for holding the next Con-
vention.

THE JANESEVILLE GAZETTE.

JANESVILLE, WISCONSIN, TUESDAY, DECEMBER 9, 1879.

NUMBER 234

to the Assembly, there is the fullest con-
fidence that he will discharge the duties
well, and in other regards dignify the
office.

A Madison dispatch to the Milwaukee
Sunday Telegraph says the chances seem
to be in favor of Pierce, "being an old
member." It will be borne in mind that
Mr. Pierce is not an older member than
Mr. Arnold, as each has had three years
—Arnold one in the Assembly and two in
the Senate; and Pierce three in the Assem-
bly and none in the Senate.

DOWN WITH LOTTERIES

Congressman Money's New Bill
on the Subject.

He Proposes to Prohibit Lot-
tery Men The Use
of United States
Mails.

By Imposing a Heavy Fine for
Depositing Such Circulars
in the Mails

Speculation Relating to the
Next Republican Conven-
tion.

There is No Doubt but Chicago
will Win the Prize.

Report of the Yellow Fever
Investigating Commission-
ers.

Suspension of an Old Whole-
sale Grocery House in
La Crosse.

Reports of Insubordination in
the Milwaukee House of
Correction.

THE LOTTERY MEN.

Representative Money's Bill to Sup-
press Lotteries.

WASHINGTON, Dec. 8.—Mr. Money, of
Mississippi, Chairman of the House Com-
mittee on Postoffices and Postroads, in a
bill drawn to-day, has come to the assis-
tance of the Postmaster General in his
controversy with the lottery firms and
gut enterprise companies. Mr.

Money proposes to amend the law
relating to this subject so as to impose a
fine of from \$100 to \$500 upon any person
who shall deposit in, or send through, the
mails any circulars, advertisements, etc.,

relating to the business of lotteries or gift
enterprises, and making liable to a similar
penalty any person who may send

through the mails any matter ad-

dressed to a firm or agent

engaged in the lottery business, or other

similar enterprises intended to deceive or

defraud the people by obtaining their

money under false pretenses. The bill

graciously allows the lottery people to send

and receive their advertisements and let-

ters by private carriers, but prohibits their

carriers for carrying mail matter for other

purposes.

THE CONVENTION.

It is Now Thought that Chicago will
Win—Changes in the Committee.

WASHINGTON, Dec. 8.—A New York
Congressman has received information that
Governor Cornell has resigned his position
as a member of the National Republican
Committee, and that ex-Congressman T. C.
Platt will be probably elected in his place.

Mr. Platt will make a better man to suc-
ceed Senator Chandler in the chairman-
ship than any other one mentioned.

Colonel Keogh, of North Carolina, a
member of the National Republican Com-
mittee, who has seen a number of the
members of the committee recently, says
there is no doubt that Chicago will be the
place selected for holding the next Con-
vention.

THE YELLOW FEVER.

Report of the Commissioners Sent to
Cuba to Investigate.

WASHINGTON, Dec. 8.—The commission
appointed by the President to proceed to
Cuba for the purpose of collecting informa-
tion in relation to yellow fever has
submitted a preliminary report to the Na-
tional Board of Health. The report says
the most general result is that yellow
fever habitually prevails in every place

in Cuba from which reports were
received, provided these places are of any

size or commercial importance, and con-
tain any considerable number of unacculturated

persons to furnish food for wide-
spread poison.

In this particular the

medical authorities as well as the intel-
ligent residents of Cuba have for the most

part misled the profession. Before leaving

the United States, most absolute assurances

were given by natives or ex-resi-
dents of Cuba, and even in Cuba itself

these assurances were confidently repeated,

that yellow fever never occurred in this,

or that of the other place. Diligent inquiry

was made for all such accessible places,

and diligent investigation invariably

proved that these assurances were false

and that they were founded upon

a comparatively slight prevalence

of the disease, due in a large

measure to the small number of unacculturated

visitors or residents at such places.

Detailed reports of such facts are possessed

in abundance. It is very certain that

the prevalence of yellow fever is not equally

marked in all places. This varies greatly

in different places and in different years in

the same places, and this variation is at

times independent, apparently of the

amount of unacculturated material.

DESPERATE ATTEMPT

To Commit Suicide by a Student in
Baylor College.

ROCHESTER, N. Y., Dec. 8.—The Demo-
crat and Chronicle's special from Geneva,
N. Y., recounts an extraordinary case of

suicidal insanity, and describes it as one of

the most remarkable and shocking freaks

of a diseased brain on record. The dis-
patch says: An attempt at suicide at

Hobart College, Geneva, was made Sat-
urday night, the circumstances

concerning which were not

made public until Monday morning. Dur-
ing Sunday morning a strong smell of

escaping gas pervaded the apartment of the

students in one of the buildings at Hobart

College, and at last the smell became so

unbearable that an investigation was made.

Upon opening the door of a room occu-
pied by a young man named Hutchinson,

the gas poured out so as to almost

blind the investigators.

Upon entering the gas was found burned,

and the burner or tip broken off.

Upon examination it was found that the inside of

his mouth and throat were badly burned.

Everything was done to make him com-
fortable, but he was in a very dangerous

condition. It is feared that the burning

will affect his taste and speech.

There is no doubt that he was out of his

mind when he did this act. He has acted very

peculiarly for some time past, and many

doubted his sanity, and had spoken of it.

The theory is that he got upon the table,

clenched his teeth upon the tip, biting it off,

and becoming unconscious, the

effects of the gas filled him to the

floor. Mr. Hutchinson is a young man,

about 21 years of age, and a resident of

Chicago, and a member of the class of '81

in Hobart College, and is also a member of

the Ki-phi Society. He will be removed to

his home as soon as practicable. The

affair has created considerable excitement

at the college and throughout the village.

SUSPENDED.

LA CROSSE, Wis., Dec. 8.—The wholesale

grocery house of W. B. Hanesome & Co., of

this city, suspended to-day.

The firm is the one of the oldest firms in this city, and

has always considered one of the staunchest

and best.

They have had unlimited credit for more than twenty years, and

their paper always classed as gilt edge.

The announcement has created a surprise

coupled with regret, and all sympathize

with the firm in their embarrassment

which now promises to be but temporary,

the assets being largely in

excess of the liabilities, the latter being less

than at any time during the history of the

firm. The embarrassment is caused wholly

and entirely in consequence of the failure

of others to meet their engagements, and the

unreasonable pressure of a few of their

creditors. It appears that this firm has

large investments in real estate both in

Wisconsin and Minnesota, which they

were obliged to take to secure debts due

them. The settlement will be made and

the firm again be doing business at no dis-
tay.</p

Ladies

Do you want a pure, blooming complexion? If so, a few applications of Hagan's MAGNOLIA BALM will gratify you to your heart's content. It does away with Sallowness, Redness, Pimples, Blotches, and all diseases and imperfections of the skin. It overcomes the flushed appearance of heat, fatigue and excitement. It makes a lady of THIRTY appear but TWENTY; and so natural, gradual, and perfect are its effects, that it is impossible to detect its application.

—The Circuit Court is to resume business to-morrow morning.

—See advertisement of pastry cook and wash woman wanted.

—Cyrus Miner, who has been confined to the house by sickness for a few days, is able to be at his store again.

—The case of the State vs. W. T. Oakley was called before Justice Wickham this morning, and adjourned until the 13th.

—On and after to-morrow mail will be put on the 11:50 train to Monroe, which will prove a great convenience to those corresponding between the two places.

—Matthew, Paterson has something to say in another column about iron fences. He knows all about them and says now is the accepted time to order in this line, as a saving can be made of from five to ten per cent.

—Just in another lot of ladies' French heel opera slippers, just the thing for parties. Also a large line of gents' and boys' hand made embroidered slippers for the holidays, at Smith's popular Boot and Shoe Store.

—Rev. Henry Sewell and wife desire to publicly express their thanks to the many friends who aided in making their silver wedding so happy an occasion, and for the substantial and beautiful testimonials presented them.

—The German at the residence of Mr. Thomas Lappin last evening proved very enjoyable, about twenty participating. Arrangements are being made for the next to be held at Apollo hall one week from to-night, which will also be private.

—Dr. Brydon is having his time pretty well occupied, there being a rush of callers at the Pember house, where he is stopping. He has a large practice, and it is steadily increasing. His patients speak highly of him, and new ones are continually coming to his consultation rooms.

—It makes one's mouth water, and braces up one's appetite better than bitters, to cast an eye over the dainties and delicacies which Denniston has in stock for Christmas trade. He gives a partial bill of fare in another column, but it is only a tithe of the good things he has in store.

—Peter Derry, a French barber, was caught last night nipping a package of sugar and a pound of coffee from a farmer's wagon on West Milwaukee street. He said he took it only in fun, but Justice Pritchard thought it such a good joke, that he made him pay a fine of about \$12, or go to jail for twenty days. He preferred to pay.

—At the social to-morrow evening at Court street church, there is to be music by members of the different church choirs. Mrs. Day will give readings, and there will be other attractions. The admittance is free, and all are welcome. Among those who are expected to be present are Rev. Dr. Huntley and wife, whom all will be glad to greet.

—Mrs. Noon is preparing to give a literary and musical entertainment in Lappin's hall January 12th, in which her pupils will take part, and also the Pember House Glee Club. A dance will probably follow in Apollo hall. Anderson's band is engaged, and all the preparations necessary for a good time are being made. This will be the close of Mrs. Noon's work here as she expects to remove to Chicago, and the entertainment will be a befitting finale to so worthy a work as that lady has done in Janesville.

TOBACCO SALES.

Sales of seed leaf tobacco for the week ending December 8, 1879, in New York: 600 cases, crop of Ohio, 1878, assorted, \$1 to 14 cents; filters, 5% to 6 cents.

50 cases, crop of 1878 New England—wrappers, 15 to 35 cents.

Total 1350.

ASTOR HOUSE, NEW YORK, best accommodations, reduced prices.

THE WEATHER.

RECORDED BY PRENTICE & EVENSON, DRUGGISTS. The thermometer at 6 o'clock last evening stood at 33 degrees above zero; at 1 o'clock a. m. to-day at 32 degrees above; at 7 o'clock a. m. at 36 degrees above; at 1 o'clock p. m. at 40 degrees above. Cloudy. Light snow followed by rain last night.

One year ago to-day at 7 o'clock a. m. the thermometer stood at 28 degrees above zero, and at 2 o'clock p. m. at 33 degrees above.

The indications to day are, for the lake region, falling, preceded in the eastern portion by rising barometer, increasing easterly winds, slowly rising temperature, cloudy followed by rainy weather, partly snow in northern portions.

PARTING PRESENTATIONS. Last evening there was another happy little event at the Pember house in connection with the leave-taking of Mr. Pember and family. Mr. Pember presented each of the dining room girls with a silver napkin ring and a silver dollar, and they in turn surprised him by the presentation of an elegant easy chair. Prof. Boston did the speech making, and after the honors had thus been made easy the dining room was again given over for a merry dance. The occasion was a happy one, and is but one of the many indications that the employees of the Pember house have learned to esteem and respect their employers, and

MUNICIPAL MATTERS.

The Aldermen Talk About a New Truck for the Fire Lads.

Peace in the Fifth Ward.

At the regular meeting of the Common Council last evening, the Mayor and the President of the Council being both absent, Ald. Robinson was chosen Acting Mayor. The roll call showed all present except Ald. Barnes and Davies.

The minutes of the last meeting were read and approved.

The Clerk presented a petition of residents of the city protesting against the passage of the new meat ordinance. The petition had 300 signatures, and was on motion received and placed on file.

The report of the Board of Education and Police Justice for November were presented and referred.

A petition of W. B. Mosher, complaining of the bad condition of South Franklin street, was received and placed on file, and the usual batch of bills were read by the Clerk, and referred.

Ald. Church reported back the Police Justice report as correct. Adopted.

On motion of Ald. Croft, Al. Bender was confirmed as a member of Engine Company No. 1.

Ald. Croft stated that the sale of the hook and ladder truck to Delavan, had not been effected, and moved that the Fire Committee be authorized to trade the present truck for a new Caswell truck, and giving \$475 to boot. The truck is known as the improved "Caswell." It has an eighteen foot frame, fire and a half foot wheel, gooseneck, and weighs 1,600 pounds when fully equipped. The equipments consist of two extension ladders, one being 55 feet and one 36 feet; one 30 foot ladder, one 25 foot, and two roof ladders, one 14 feet and one 12 feet, together with axes, picks, ropes, and all the necessary paraphernalia of a first-class truck of modern style. The iron work is all of Swede iron and nickel plated, making it not only very strong but very beautiful. This new truck weighs 800 pounds less than the old one, and all who have seen it speak in the very highest terms both as to service and appearance. It is much easier to handle than the old one, and much more effective.

Ald. Fitzgibbon moved that the Clerk be authorized to correspond with various truck manufacturers, and get terms. After some talk the matter was dropped until later in the evening.

Ald. Fitzgibbon reported in favor of planting a lamp-post on the corner of Bluff and East Milwaukee street.

Ald. Vankirk moved as an amendment that the post be located on the corner of Division and East Milwaukee streets. This post caused considerable discussion between Ald. Vankirk, Fitzgibbon and Church, and when the amendment was pressed to a vote, Ald. Burns, Church, Croft, Cox and Vankirk voted for it, and Ald. Fitzgibbon, Joyce and Robinson voted against it. Acting Mayor Robinson decided that as it carried an appropriation with it, it required six votes to carry it, and ruled the motion lost, which ruling in the lamp-post warfare caused the usual sensation which accompanies a new departure of this importance.

The original motion was then put and lost the vote being 4 to 4. Ald. Cox, Fitzgibbon, Joyce and Robinson voting aye, and Ald. Burns, Church, Croft and Vankirk voting no.

Ald. Vankirk, of the Finance Committee, presented the November report of the Treasurer as correct. Placed on file. He also reported in favor of allowing sundry bills against the several funds, which was approved.

Ald. Burns moved that the Fifth ward bills be taken up. The bill of William Brandt was withdrawn on the suggestion of Ald. Burns. Another tedious discussion ensued between Ald. Burns, Fitzgibbon and Church. The bills were finally allowed by a unanimous vote.

Ald. Cox presented the report of the Board of Education as correct, showing an expenditure of \$3,421.56. Approved.

The rules were suspended, and the bills of William Brandt as divided between the Fourth and Fifth wards were allowed disposing of the much talked of Fifth ward embroilie.

Ald. Vankirk called up the order introduced by Ald. Croft, concerning the purchase of a new hook and ladder truck, and moved, its adoption.

Ald. Fitzgibbon renewed his motion that the Clerk be instructed to correspond with the different truck manufacturers. This motion prevailed.

THE CRACK CRACKERS.

We received by freight a few days ago a goodly sized box marked to our address, and one entire end covered with a bright label announcing "Crackers manufactured by Shafer & Dow, Cedar Rapids, Iowa." We opened the box carefully, lest some horrid joke was being played on us, but were most happily surprised to find it packed to the brim with ginger snaps, ginger crackers, crullers, soda crackers, butter and oyster crackers, all kinds of crackers except fire crackers. And such crackers too. They were the crack crackers, sure. When we say that better crackers never were seen or tasted than those made by this firm, we only reiterate what every one says, who has had a chance to sample them. These butter and oyster crackers have a large sale in Chicago and Milwaukee, and if our dealers will place them in stock here, they will find a ready sale for them. They will sell themselves.

This box was sent us by our old friend Frank Barnett, who now represents the firm of Smith & Boatwick at Cedar Rapids, and who, as all know, is doing a paying business there. Frank tells us that the freight from Cedar Rapids to Janesville is only a trifle more than from Chicago to Janesville, so that shipping is made easy between the two places.

A Complicated Case.
My daughter, Emily Steck, suffered for more than two years from a sore leg. About four inches below the knee there were sometimes only one, then again several openings from which matter would be discharged, and cause great pain. Medical assistance proved of but little use. About two months ago we were induced by a friend to try St. Croix Oil. The result was that the pain gradually vanished, the swelling disappeared, the discharge of matter ceased, and the wound healed up. For five weeks the leg has not only been entirely well, and all pains gone, but my child has also been well in every respect, and it gives me much pleasure to see these wonderful effects.

Sophie STECK, Buffalo, N. Y.

SUDDEN DEATH.

Many of our readers still remember Dr. J. Howard Peck, who about four years ago opened an office in Mitchell's block, and after remaining here a few months left for the East to look after some property in Vermont. Now comes to us the news of his sad and sudden death, at Montpelier Vt. The Vermont Watchman and State Journal gives the following additional particulars, under date of December 3:

The many friends of Dr. J. Howard Peck, will be shocked to learn that he was found dead in his bed on Sunday morning last. On Saturday, it appears, he had been out doors considerably and caught a severe cold, complaining that his teeth were aching badly. During the night he got up, pulled two teeth, and retired to bed. It appears that to alleviate his pain he first took laudanum, then aconite, and finally took a bottle of chloroform to bed with him, having previously informed his sister that he was going to take some and try to sleep. His non-appearance in the morning excited surprise, and on going to his room he was discovered to be dead. Dr. Peck was the only son of Hon. Addison Peck, of East Montpelier, studied with Dr. C. M. Chamberlain, of this village, and was considered to be a bright young physician. He had formerly lived in Concord, St. Johnsbury and Derby, and removed to Wisconsin, whence he was called about four years since to take care of the property of his father, who was temporarily incapacitated by ill health from taking charge of the same. He was twice married, his first wife living but a short time. From his second wife, a Miss Bates, of Derby, he had been some time separated. A sister of his present wife married Hon. J. E. Dickerman, of Newport, and is a sister of Hon. Addison Peck, of East Montpelier, mother, and two sisters are still living. His age was thirty-six years. His friends have the heartfelt sympathy of the community in their bereavement.
